

Welcome to Nemonic Concepts

Nemonic Concepts is an innovative and dynamic representation company based in Sydney Australia. Established in 2002, Nemonic Concepts now represents Destination Management Companies (DMCs) and resorts from all corners of our ever-shrinking world.

Our objective is to market and promote to the Australian and New Zealand MICE professionals our wonderfully diverse and exciting portfolio of products, and in doing so showcase our partners' respective destinations and their company's attributes.

We are in the process of developing a totally new website and we look forward to launching it to you very soon.

Our updates, stories and news are found at our blog [Destinations to Inspire](#).

We also still do regular e-news with a collection of stories from our blog. You can still subscribe here and we will transfer your details to our new system.

Cheers from the Nemonic Team
