

## Poland

Eastern Europe meets Western Europe

Poland, a recent addition to the European Union, is bordered by Russia, Belarus, Lithuania, Ukraine, Czech Republic, Slovakia, Germany.

Poland is a dynamic, developing country and is the largest country to recently join the EU. Poland has 38 million people but its great potential is the millions of well educated young people.

Poland is, however, not only a dynamic economy, it is also a country with a diverse landscape, from beaches, large forest lands, lakes and mountains, to the beautiful small towns and lively large cities. Food lovers can always find something to suit all tastes, whether it is enjoying tasty traditional Polish fare, or varied, international cuisine. Poland has many excellent shopping centres that will appeal to everyone!

Poland is a country of friendly, open and hospitable people where everybody can feel totally at home. The standards of living are continually rising and are very near parity levels with Western Europe. In the cities you can find restaurants offering various cuisines from across the world and the night life in the clubs and discothèques encourage people to have fun. All of which is available at prices below those in the western

areas of Europe.

Famous Poles include Madame Marie Curie, Lech Walesa, Frederick Chopin and Pope John Paul II!
